

About the Program

PGA HOPE (Helping Our Patriots Everywhere) is the flagship military program of PGA REACH, the charitable foundation of the PGA of America. PGA HOPE introduces golf to Veterans with to enhance their physical, mental, social, and emotional well-being.

The Program introduces the game of golf through a developmental 6-8 week curriculum taught by PGA Professionals trained in adaptive and military cultural competency. PGA HOPE Graduate Testimonies

Will Stockholm

“The PGA HOPE Program has meant a lot to me in the fact that it fosters an environment of safety, trust and genuine support for the overall wellness of the veteran community. Nowhere else have I been able to feel comfortable and completely welcomed given the challenges I had integrating back into society after leaving the Marine Corps.

With multiple combat tours to Iraq and Afghanistan. The environment that PGA HOPE creates for veteran saved me from the dark place I was stuck in; attributed to the staff and PGA Professionals’ authenticity, the lesson learned about the game of golf that parallel life’s challenges, and the culture of camaraderie amongst all veterans participating. It’s as if I’ve been given a “breath of fresh air” and can start to enjoy life again.”

Matt Underwood

“The PGA HOPE Program has given me new purpose and direction. As a PTSD and suicide survivor, I have found golf as an incredible tool for focusing on the positive in life, and dealing with the negative by providing challenges, rewards, camaraderie, and personal development.”
